

Adding buildings

You can manage buildings in a few simple steps.

Buildings must be placed in the cities so make sure you have added at least one city before proceeding further.

Go to the buildings list by opening the *Conference Rooms* tab in the main menu and clicking *Building Management*.

Click **Add building** button in the actions block to add a new building.

Building Management

Fill out the information about your building and make sure that the **Validity** is set to .
Submit the form.
