

OTRS package installation

Please make sure that the Intalio Router package is already installed in your system before proceeding further!

To install the package, login to your OTRS system and open the *Admin / Overview* page.

Find the Package Manager.

You can use the **Filter for Items** field to narrow down visible options.

Filter for Items

- Favorites
- Kontrakty
 - Package Manager
 - SQL Box
 - System Configuration
 - System Log
 - Szczegóły usług
- You can add favorites by moving your cursor over items on the right side and clicking the star icon.
