

Radio

Radio (radio)

This field allows you to select one of the available fields.

The screenshot shows a web interface for 'Virtual panel 4 title'. At the top, there is a header with the 'intalio' logo (an orange 'i' followed by 'ntalio' in black) and the tagline 'OPEN SOURCE EXPERTS' in small orange letters. To the right of the logo is the text 'Company Site'. Below the header is a dark grey bar with the title '> Virtual panel 4 title' in white. The main content area is white and contains a form. On the left of the form is a small black person icon. To its right is a label 'Cars *'. Below the label are three radio button options: 'BMW', 'Mercedes', and 'Toyota'. A mouse cursor is pointing at the 'Mercedes' option. Above the form are two circular navigation buttons: a green one with a white left arrow and a grey one with a white right arrow.

options_style

Here you can determine how the layout of the fields should look like.

For more information on what you can type in here, please see the *[responsive section]*.

define_output_value

Is the value that goes into the output system to be taken from the label or value parameter.

options

All available options.
