

Radio

Radio (radio)

This field allows you to select one of the available fields.

The screenshot shows a web form with a header bar containing the 'intalio' logo and 'OPEN SOURCE EXPERTS' text, and a 'Company Site' link. Below the header is a dark grey bar with a title 'Virtual panel 4 title'. The main content area has a light grey background and contains a text input field with the placeholder text 'options_style'. Below the input field is a blue banner with the text 'Here you can determine how the layout of the fields should look like.' and a link to '[responsive section]'. Below the banner is a radio button selection interface with two options: 'Mercedes' and 'Toyota'. The 'Toyota' option is selected, indicated by a green circle and a mouse cursor. Below the radio button selection is a text input field with the placeholder text 'define_output_value'.

Is the value that goes into the output system to be taken from the label or value parameter.

options

All available options.

value

label

checked

Check if you want this option to be selected by default.

disabled

Check if you want this option to be inactive by default.

The rest of the available parameters:

This field supports all parameters with ["Attributes available for each field"](#).
