

# User quick guide

## Configuration

User configuration of the ZI-Chat zimlet is evoked by clicking the left mouse button on "Intalio ZI-Chat" icon

After that, configuration window will be opened:

## ZI-Chat description

After login in to a user account, ZI-Chat will open in popup window. Other way of the ZI-Chat view is a tab view. In this mode, ZI-Chat opens in tab similar to the Zimbra Webmail Client tabs.
